TODAY IN AI

- Enterprise AI adoption expands as Uber rolls out ChatGPT Work to 30,000 staff
- OpenAI launches Decisions API for faster, cheaper structured AI decisions
- OpenAI pursues $30 billion funding round valuing it over $1 trillion

TOP STORIES

1. Uber brings ChatGPT Work to all employees with OpenAI

OpenAI | Models | importance 10/10 | 22 Oct

Uber deployed ChatGPT Work companywide, giving 30,000 employees access to an agent that integrates with Google and Slack tools, leveraging OpenAI's latest models for multistep knowledge work.

2. Build more responsive apps with the Decisions API

OpenAI | Tools | importance 9/10 | 22 Oct

OpenAI made the Decisions API generally available, offering GPT6 Lunabased rapid decisionmaking on text, images, and JSON, with lower latency, higher throughput, and new answer types.

3. Beyond tree cover: mapping the world's forest types

Google DeepMind | Tools | importance 9/10 | 22 Oct

DeepMind released a global 10meter resolution map that classifies every land patch into specific forest types, improving ecological monitoring and climate research.

4. OpenAI working on new $30B raise at $1.25T valuation ahead of IPO

TechCrunch AI | Business | importance 8/10 | 22 Oct

Reports say OpenAI is negotiating a private raise of up to $30 billion at a $1.25 trillion premoney valuation, potentially surpassing $1 trillion and influencing upcoming IPO plans.

5. OpenAI makes its Jev competitor widely available as decision model competition heats up

TechCrunch AI | Models | importance 8/10 | 22 Oct

OpenAI opened its Decisions API model to all users, positioning it against fast, lowcost decision models like TypeSafe's Jev, with latency reduced to sub200 ms.

6. Discord now formats Markdown previews right

The Verge AI | Models | importance 8/10 | 22 Oct

Discord updated its client to render Markdown files correctly, aiding readability of AIrelated documentation and improving filesharing workflows for users.
